# GPH1 & GPH2 Alarm Horn -Buzzer

The GPH series are low profile, high output, 105dB(A) alarm horns designed as a maintenance free, reliable alternative to solenoid type buzzers. Low current consumption and high SPL in a robust, fire retardant housing, ensures the GPH is suitable for all general signalling applications.

The GPH1 is a surface mount version with back box, the GPH2 is a flush mount variant for use in panel mount applications or for use with standard 4" back boxes

#### Features

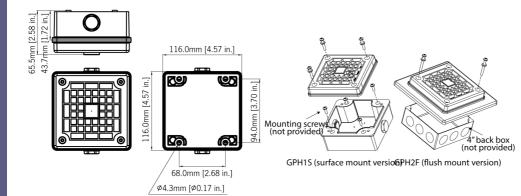

- Automatic synchronisation on multi-sounder system.
- Continuously rated.
- Stainless steel fixings.
- Duplicate cable terminations (in & out for daisy-chain installations).

# **Approvals**

• UL & cULs approved: General signalling use.

## Part Codes

| Nominal output:     | 105dB(A) @ 1m +/- 3dB [96dB(A) @ 10ft/3m]                             |  |
